Taft College

- PSYC 2200: Elementary Statistics for Behavioral and Social Sciences (Oja)

This text was created to provide students with a solid foundation in statistics as used in psychological, sociological, and behavioral research. Students will develop a useable understanding of research design, the organization of data, measures of central tendency and variability, central tendency theory, descriptive and inferential statistics, parametric and nonparametric tests, and basic test assumptions.

- Front Matter
- Unit 1: Description
- Unit 2: Mean Differences
- Unit 3: Relationships
- Unit 4: Wrap Up
- Back Matter
